High Fidelity Speaker Systems

EVR-180

twelve inch, three way system

This three-way acoustic suspension system has performance equal to many floor-standing speakers. From the thundering power of an organ pedal note to delicate musical overtones, nothing is lost, nothing added to affect your listening pleasure.

ACOUSTIC SUSPENSION WOOFER — Full, resounding bass response without thump or boom is a difficult task for a bookshelf speaker system. The 12-inch woofer of the EVR-180 is a new design which meets this challenge. A molded half-roll urethane foam surround provides a stable, linear suspension for the moving system.

MID-RANGE DRIVER — Because the ear is most sensitive to middle frequencies, mid-range performance is a particularly important aspect of system design. The 5" mid-range speaker used in the EVR-180 exhibits outstanding transient response and low distortion. Throughout its range of just over two octaves, this driver contributes crisp, full-bodied sound without "listener fatigue" which accompanies less precise reproducers.

CONE TWEETER — Clean, well-dispersed highs complement overall system response. The shallow, curved cone provides exceptional dispersion. Response extends essentially flat to 20 kHz. Transient response uniformly excellent. A deluxe LCR crossover controls input to each driver. Tweeter level control enables matching to room acoustics or personal taste.

The enclosure is totally glued for rigidity and finished on all four sides in walnut vinyl.

Specifications are subject to change without notice.

SPECIFICATIONS

Response	30 to 20,000 Hz
Nominal Impedance	8 ohms
Suggested amplifier rating, RMS per channel, 8 ohms	10 to 60 watts
Crossover Points	700 to 3000 Hz
Dimensions	14" x 25", 13½" d.
Net Weight	45 lbs.

FIVE YEAR WARRANTY (Limited)

Electro-Voice high fidelity speaker systems, are guaranteed for five years from date of original purchase against malfunction due to defects in workmanship and materials. If such malfunction occurs, speaker will be repaired or replaced (at our option) without charge for materials or labor if delivered

prepaid to the proper Electro-Voice service facility. Unit will be returned prepaid. Warranty does not cover finish or appearance items or malfunction due to abuse or operation at other than specified conditions. Repair by other than Electro-Voice or its authorized service agencies will void this guarantee.
